

BABY LOCK SEWING ACCESSORIES

Very Narrow Foot

(BLQP-VN)

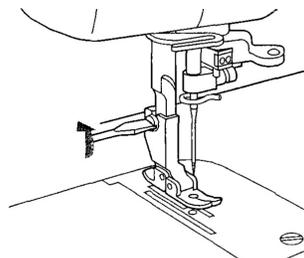

Instructions

The name says it all - attach thick and bulky trims, beading or zippers to tight areas with a close, precise stitch. Leave little to no space in between cords and trims - this little foot can create virtually the tiniest of seam allowances while offering a good surface to maintain contact with the feed dogs.

INSTRUCTIONS:

1. Raise presser foot and raise the needle to the highest position.
2. Loosen and remove screw using the screwdriver included with your machine.
3. Attach the Very Narrow Foot and tighten the screw.
4. Select a straight stitch. Sew.

FOR THE LOVE OF SEWING
